Sport-Kentwood

Paralympic Sport-Kentwood is a community-based sports club developed to involve youth and adults with physical and visual disabilities in sports and physical activity, regardless of skill level. With 21 million physically disabled Americans, including thousands of military personnel who've been severely injured while on active duty, this is an important community need. We currently offer programs such as adapted water ski, archery, rock climbing, downhill snow ski, canoe & kayaking, wheelchair basketball and MUCH more.
